JL - I believe I told you about a discussion I had with Tony Summers about my King book and what I would be willing to do in return for getting some help. This was conditional on my getting that help/ Tony broached the matter to his agent, Sterling Lord. I had a phone call from someone who said he was with Lord, that Lord was interested and would phone me on his return from England in a week or so. Many months have passed and no word from Lord. Tony had never mentioned this again until I got his letter asking for permission to condense and squeeze some of it into his Hoover book. I don't want that and so tell him. I think I got a note I got from her that Kathy will be up on the impeachment stuff after she returns from the LBJ library.
